VEHICLE BID

I am making an offer on the following vehicle:

| Year | Make | Model |
|------|------|-------|
|------|------|-------|

Printed Name

Address

City, State, Zip Code

| Home Phone | Cell Phone | E-mail |
|------------|------------|--------|
|------------|------------|--------|

\$ _____
Amount

Please call me if I've been outbid. (check box)
(Note: We do not divulge bids or names of bidders!!!)

I understand the credit union reserves the right to reject any or all bids. I also understand that I have 24 hours to purchase the vehicle once my offer is accepted and it is my responsibility to pay tax and title fees when the vehicle is registered. I realize that the vehicle will be sold "as is" and that there is no warranty included or implied.

| Signature | Date |
|-----------|------|
|-----------|------|

****Helpful information for bidders:** If you are serious about obtaining any vehicle, please consider its market value when placing an offer. While your offer should be a good deal for yourself, it should also reflect a reasonable sale price. **We do not divulge the balance owed on the previous owner's loan due to privacy rules, plus that information is not pertinent to the vehicle's sale.** We are required by law to attempt to obtain a reasonable price for repossessions. Most late-model vehicles have made a trip to a licensed mechanic for a check-over before they are placed for sale. (Note that most offers are made in whole amounts, so adding a few extra dollars and odd cents may help in winning a bid.) You may not "take over payments" on a loan.
